

THE NEW PROJECT

IN MONTAGUE, JACK, & YOUNG COUNTIES

Affirming Texas Families Services

will offer free counseling services and parenting classes to families in the Montague, Jack, & Young County area starting Fall 2018. Our goal is to help families create and maintain their own goals to make change for overall wellness. ATFS staff will assist with coordinating with other government and community groups for needed services that ATFS does not provide.

This program was created from a vision to serve rural areas and their unique needs. ATFS is a community based program, with referrals coming from agencies such as schools, law enforcement, churches and other community groups. We need 10 volunteers per county to continue services. Become involved today by visiting our website listed below.

SUPPORT, ENGAGE & EMPOWER

Mission Statement:

Partnering with Texas families to promote wellness and empower them to make life affirming change.

af-firm

verb

1. to state as a fact; assert strongly.
2. to offer emotional support or encouragement.
